Make a difference and engineer
your world!

Make plans to attend the virtual Multiply Your Options Summer Camp at The University of Akron for 7th, 8th, and 9th grade students. Get the opportunity to do hands-on experiments and projects in the comfort of your own home and tour area companies virtually to see engineers of various disciplines in action. At the end of the day, show off your engineering skills by working on your own engineering design project which you will present on at the end of the week to earn the crown of MYO Super Engineer! Best of all, make new friends!

Your chance to come up
with innovative solutions
to important problems

JUNE 21-25, 2021, 8:00 A.M.-NOON
