

October 19, 2020

This plan provides the basis for return to in-person learning at Noble Academy Cleveland during the nationwide COVID-19 pandemic. It is based on the most up to date advice available from the CDC, Ohio Department of Health and Cuyahoga County Board of Health. It identifies the precautions the school has put in place, the responsibilities of various stakeholders, and response plans to known scenarios.

To ensure the safety of staff and scholars, Noble Academy has taken the following measures towards safe learning and working environments:

- School supplied Personal Protection Equipment (PPE) and Supplies
- Non-contact thermometers at each entry door and key locations throughout the building
- Sanitizer pumps, paper towels, disinfectant spray bottles, and boxes of rubber gloves and disposable masks in every room
- Cloth masks for each staff member, as well as for scholars as a back-up
- Face shields for younger scholars
- Hand sanitizer and disinfectant supplies strategically placed in hallways, cafeteria, entrances, etc.
- Employee and scholar health assessments (temperature checks)
- Social distancing procedures
- Enhanced facilities cleaning protocol
- Enhanced clinic to distinguish COVID related care from typical health services and provide isolation
- Environmental controls, including physical barriers and air circulation
- Staff professional development related to COVID-19 procedures
- No visitors allowed inside the school building
- Limited to no movement between classrooms

Any concerns or inquiries regarding school safety should be directed to our Deans:
